

Our Service

I limit numbers of children to ensure that I have time to help everybody. I sometimes have to finish off pieces of jewellery for the children and also give help and advice. If I increased the numbers, I would risk frustrating children who would have to wait longer for help.

All the children design their jewellery on bead boards. These make designing easy and tidy, so most beads stay on the bead boards. It only takes me about 10-15 mins each end to set out and clear up, so there is time to use the table for the party tea afterwards.

Safety First

Babies, toddlers and small beads **Don't** mix well!!! Please ensure they are appropriately cared for during the session.

Please keep food and drink away from the activity table during the session,

I will have some tools which I use during the session. Older children will be allowed to use tools such as pliers etc. If you have any concerns, please discuss with me at the time of booking.
